C-TPAT - EU Mutual Recognition Registration

Registo 1 / 2

O texto no topo da página contém informação sobre o Reconhecimento Mútuo.

Os Operadores Económicos Autorizados devem providenciar o seu Nome, Estado membro emissor do certificado AEO, o número EORI, e o endereço fornecido à autoridade aduaneira emissora para efeitos de reconhecimento mútuo.

As empresas devem também indicar os seus Números de Identificação de Fabricante (MID), associados ao endereço referido anteriormente.

O ícone  disponibiliza informação complementar sobre os MID.

The Customs-Trade Partnership Against Terrorism (C-TPAT) Program promotes the internationalization of industry partnership programs with our trading partners and with foreign customs administrations. The signing of a Mutual Recognition Arrangement is the procedure that enables information sharing activities to occur in accordance with the terms of the Customs Mutual Assistance Agreement (CMAA) and each participant's domestic laws and policies.

The goal of Mutual Recognition is to link the various equivalent international industry partnership programs, so that together they create a unified and sustainable security posture that can assist in securing and facilitating global cargo trade.

The principle behind aligning partnership programs is to create a system whereby all participants in an international trade transaction are approved as observing specified standards in the secure handling of goods and relevant information.
